DETAILED TAX STATEMENT ISSUED BY COMMISSIONERS

Total Levy as Shown by Duplicate is \$449,500

BOROUGHES PAY BIG PART
Large Share of Expenses in Keeping up County is Borne by the Towns

The county commissioners Wednesday certified to the county treasurer the tax duplicates for the year 1911, state and county taxes being due today and payable until August 1st at an abatement of 5 per cent. For the first time for a number of years the entire work of figuring the taxes has been done by the regular force in the commissioners' office, including the transcribing of the duplicates from the assessor's books. The work involves about 50,000 names in 75 assessment districts, each book being proved and balanced.

The taxes this year are as follows:
Road fund \$ 57,144.69
Bonded debt fund 114,268.65
General fund 200,047.64
Dog taxes 7,516.00
State taxes 70,523.76

Total of duplicates \$449,500.74

The total levy last year was \$506,429.43, or \$56,928.69 more than this year.

The 15 townships and boroughs paying the greatest amount of State and county taxes are as follows:

Washington borough	\$50,363.16
West Bethlehem township	18,791.80
Amwell township	17,212.26
Pleasant township	14,591.72
Mill township	13,654.26
Fallowfield township	13,074.66
Somerset township	12,849.44
Monongahela City	12,824.10
Donora borough	12,498.76
Chartiers township	12,447.54
East Washington borough	11,875.06
North Strabane township	11,301.39
Charleroi borough	11,258.00
South Strabane township	10,501.82
West Pike Run township	10,307.84

The total amount of taxes paid by these boroughs and townships will be \$233,551.91 or more than one-half the taxes levied in the entire county, less the abatements.

By these figures it will be seen the burden of county taxation falls upon the boroughs and the coal companies, as the townships enumerated are the ones containing the largest coal operations and corporate holdings in the county. Only five towns are included in the showing—Washington, East Washington, Charleroi, Monongahela and Donora—yet the aggregate State and county assessment of these five is \$98,819.08, or over 20 per cent of \$449,500.74, the total tax levy of the county. The farm lands pay less State and county taxes than the boroughs and coal companies.

PLANTING AND TENDING CROPS KEEPS FORMER CHARLEROI PEOPLE HUSTLING

Ex-Councilman William Parks Writes From Artesia About Busy Times There--Much Rain This Year

With planting new crops and looking after the growth of those which are planted, William Parks, a former Charleroi groceryman, now in Artesia, New Mexico, is having a busy time this spring. In a letter to Dr. J. W. Manon, he describes something of the conditions there at this time of year. Among other crops he is raising one of melons. Parts of the letter of general interest follow:

"The melons look fine. We have over 15 acres in one patch. The first we planted has started to vine. The crop was started today, and he said I had the best patch he had seen so far. It does look fine.

"You understand that Piersol has five and I ten acres in melons. I have been looking after Stant's patch for him. He is working for the Hep people driving an automobile and makes one trip per day.

"Stant and I never go hunting and will wait until you come down in the fall.

"Spring work is never over here. We can start to plant in March and plant up to July 1. We have had a fine spring; not much wind and lots of rain. We have had more rain since

January 1 than all the balance of the time we have been in New Mexico. The wells are holding up fine. One well tested last week flowed 750 gallons per minute.

"We have our alfalfa all cut. I do not remember what George Parks got on the lower forty but think about 45 bales. He got a heavy rain on it after it was piled and lost a few bales. I got 180 bales—about 5 1-2 tons. They are paying \$9.00 per ton. They are sure sending some hay out of the valley as you will see by a clipping I am sending. Also there is some flowing wells. One morning I counted 17 loads of hay that went past here.

"Remember me to everybody. We are all well and getting along all right."

In the clipping referred to in the letter, it is stated that from Artesia 91 cars of alfalfa had been shipped, totaling about 1100 tons during one week. This brought in about \$12,000 in cash and was only a starter. A well about 1,200 feet deep and flowing 2,000 gallons per minute was one of the largest in the world, was reported in another paragraph.

DESSING GIVEN TIME TO THINK ABOUT MATTERS

John Dessing, who lives a short way out of town, was sentenced to 60 days in jail by Justice of the Peace E. E. Rice Tuesday on a charge preferred by Mike Meno, a neighbor. It was claimed that Dessing had been terrorizing the neighborhood of his home. Several witnesses testified.

Negro Gets 30 Days on Disorderly Charge

On a charge of disorderly conduct a Belle Vernon negro was sentenced to 30 days in jail and on a charge of carrying concealed weapons was held for court, by Justice of the Peace H. S. Scott, at North Charleroi this morning. Information was made against him on the former charge by Miss Catherine Miller, head of the Monessen-Charleroi hospital. Constable David Mathers preferred the second charge. It was alleged the negro had got drunk and made a row at the hospital.

Business Men's Association to Hold Regular Monthly Meeting Tonight

The regular monthly meeting of the Charleroi Business Men's Association to be held tonight in their rooms in the Kirk and Clark building, promises to be an important one. Besides the usual business scheduled, including reports from important committees, an address will be made by Mr. Brown of Pittsburgh, on the line of organization. Among the matters to come up will be that of the annual Business Men's outing, to be held some time this summer. It is proposed to make this affair entirely different from what it has been heretofore, and much interest centers in the plans which are to be outlined tonight.

**REDUCTION
ON TREES**

The contract for the shade trees awarded by the borough council to M. Wilson at the meeting Monday night was \$45 per 100 instead of 1,000 as previously announced through an error in information. This is for Norway maples 6 to 8 feet high, or the same trees 8 to 10 feet high will be furnished for \$55 per 100. Property holders desiring trees to replace the sewer destroying Carolina poplars can get them at rock bottom prices by going in on this deal, as the larger sizes are said to retail at \$2 each when ordered singly or in small lots.

THE RIGHT MAN.

In selecting Edward M. Bigelow of
Pittsburg for Commissioners of the
State Highway Department, Governor
Tener made a wise choice. Perhaps
no man in the Commonwealth has had
a wider experience in public works
construction and direction than Mr.
Bigelow, while he has natural talent
and ability in that direction of the
highest order. More than that he is
in love with his profession, and the
opportunity to build the highways of
the State will be the fulfillment of
a long cherished ambition.

As director of public works in
Pittsburg when Schenley and High-
land Parks were laid out and improv-
ed, together with the construction of
the boulevards for which Pittsburg is
famous, Mr. Bigelow won eminent
distinction as an engineer of high-
ways and director of construction.
The well known character and ability
of the man assures to the Common-
wealth the quickest possible accom-
plishment of the grand scheme of
State Highway construction at the
least cost for the highest degree of
efficiency. With a man of this cal-

ibre and experience in charge Penn-
sylvania is destined to take front
rank among all the States of the
Union in the matter of highway con-
struction.

Needless to say there are more than

PICKED UP IN PASSING

According to professional baseball
dope the triple play is a rare feature.
One was pulled off the other day in
Kansas City, which is said to be the
first one ever seen in that city among
baseball fans, and the papers out that
way are not done talking about it
yet. George Tebeau, one of the old
timers, who played ball 25 years,
states he never saw but one triple
play, and that was years ago. In
baseball annals it is stated that a
triple play occurs about once in every
five years.

Already this season one triple play
has been pulled off in the Charleroi
Church League. This was with the
Episcopal and First Presbyterians in
the game played May 18 in which the
former pulled off a triple play, retir-
ing the side in short order. With a
man on first and second bases, the
next Presbyterian batter up hit a low
infield liner. This forced the two
basemen to run, but the Episcopal
second baseman Christie Roberts made
a dive and caught the ball, which put
the batter out. In catching the ball
Christie fell, but he tossed the ball to
Billy Kuhn, the shortstop, who had
covered second. This retired the
runner from second, who had started
for third, and tried to get back to sec-
ond. Kuhn then relayed the ball to
first in time to retire the runner from
that sack, who had gotten down to
second when the fly ball was caught.

In view of the rarity of triple plays
Church League patrons have been
witnessing some extraordinary play-
ing.

THE SPIRIT OF YOUTH.

Age is to a great extent a mat-

The Mistake.
In his biography of Alexandre Du-

probable French author, who hated
avarice, was once waiting in line for
his cloak at a soiree when he saw a
millionaire give a tip of 50 centimes (10
cents) to the servant who handed out
his paletot. Dumas, getting his cloak,
threw down a 100 franc note. "Par-
don, sir, you have made a mistake, I
think," said the man, offering to re-
turn the note. "No, no, friend," an-
swered Dumas, casting a disdainful
glance at the millionaire: "It is the
other gentleman who has made the
mistake."

Shakespeare in France.
I once stumbled upon a choice bit of
French quotation from Shakespeare.
It was a tale by Tchaud.

Fleeced the Queen.
When George IV. was crowned it was feared that the discarded Queen Caroline might appear and create a scene at Westminster abbey during the ceremony. A gentleman of the name of Chutneigh offered to go into the anteroom where Caroline was waiting and keep her engaged until the conclusion of the ceremony. That was a time when nearly everybody gambled, and the discarded queen was no exception to the rule. After a few casual remarks about the weather Chutneigh took three cards from his pocket and invited Caroline to "spot the lady." Time and again she backed her judgment with money and each time lost. Then she played higher stakes in the hope of retrieving her ill fortune. Her last guinea had been taken in by Chutneigh before she remembered her intention to be at the coronation. But it was too late. The ceremony was over, and the new king, "the greatest blackguard in all Europe," was on his way to the palace. To Mr. Chutneigh, who thus holds the credit of introducing the three card trick into England, a pension was granted.

Obedient Directions.
One of the small theaters in Pittsburgh at which moving pictures and vaudeville sketches alternate recently changed a sign which read: "Ladies that remove their hats will find mirrors and all conveniences on the room to the left as they pass out. Thank you for removing them." Some of the patrons acted too literally on the sign. Just before it was changed one of the employees saw a woman of rustic appearance and a happy expression leaving with several combs, a brush and two small hand mirrors. "Say, what do you think you're doing with those things?" he demanded. She was taking them home, she informed him.

"Now, yer not," said the man; "we don't put them things in there for you to take away."

"Well, of all things," exclaimed the indignant dame, "an' didn't I read with my own eyes that you would thank ladies to remove them. And ain't I a lady?"

Then the sign was changed.—Pittsburgh Gazette-Times.

Byron In an Ugly Mood.
I have not yet read Byron's "Conversations," but there was an anecdote in one of the extracts which confirms what I heard long since, but which I could not depend on before. He had an aversion to see women eat. Colonel — was at Byron's house in Piccadilly. Lady Byron in the room, and luncheon was brought in—real cutlets, etc. She began eating. Byron turned around in disgust and said, "Gormandizing beast!" and, taking up the tray, threw the whole luncheon into the hall. Lady Byron cried and left the room.—Told by Haydon, the Painter.

He'd Have Revenge.
Juggins—Who was it that said if he could make the songs of the laws he wouldn't care who made the laws? Muggins—Don't know. But if he's the chap who's making the songs of the people nowadays I'd just like to have the making of the laws a little while. That's all.—Red Hen.

Doubt or Dyspepsia.
Scott—The difference between a poor man and a millionaire— Mott—Yes, I know all about it. One worries over his next meal and the other over his last.—Exchange.

They Get It.
Nell—Men are such helpless things. Belle—Yes; they can't even fall in love without a good bit of assistance.—Philadelphia Record.

YOUR KIDNEYS NEED CLEANING

Every Person, Healthy or Unhealthy, Ought to Give the Kidneys a Thorough Cleaning Right Now.

You clean your teeth daily. You wouldn't think of doing it otherwise, and yet the teeth are not one tenth so important to health, strength and a long life as the kidneys.

Do you know that the kidneys are little strainers or fine sieves, through which every drop of blood in the body passes again and again.

And when the kidneys become clogged they are unable to strain the impure matter from the blood and it stays in the blood and causes disease in various parts of the body. Take rheumatism, for instance, this terrible disease is caused by uric acid in the blood, and uric acid gets into the blood only when the kidneys are clogged up and are unable to properly strain the impurities.

Just go to W. F. Hennings' today and get a bottle of Thompson's Barosma, the most scientific kidney, liver and bladder regulator the world has ever known, take it regularly for two weeks and all the impure matter in your kidneys will pass out through the bladder and your kidneys will be as pure and clean and healthy as any kidneys can be.

Thompson's Barosma is guaranteed by W. F. Hennings' to cure all diseases of the kidneys, liver, and bladder, or money back. It is a wonderful tonic and blood purifier and will bring the glow of health to the cheeks of the sick in a short time. 50 cents and \$1.00 a bottle. All druggists.

Spider Thread Clothes.
In the thread of the spider lies dormant a great industry once it is properly studied. Numerous attempts have been made to utilize the threads for cloth to make clothes, etc. All have been so far doomed to failure—anyhow, as a financial proposition. It is related that Louis XIV. had a dress made from spider's web which was so fragile that he became disgusted with it. The entomologist D'Orbigny had made for himself a pair of trousers from the webs of tropical spiders, which lasted for a long time.—Popular Magazine.

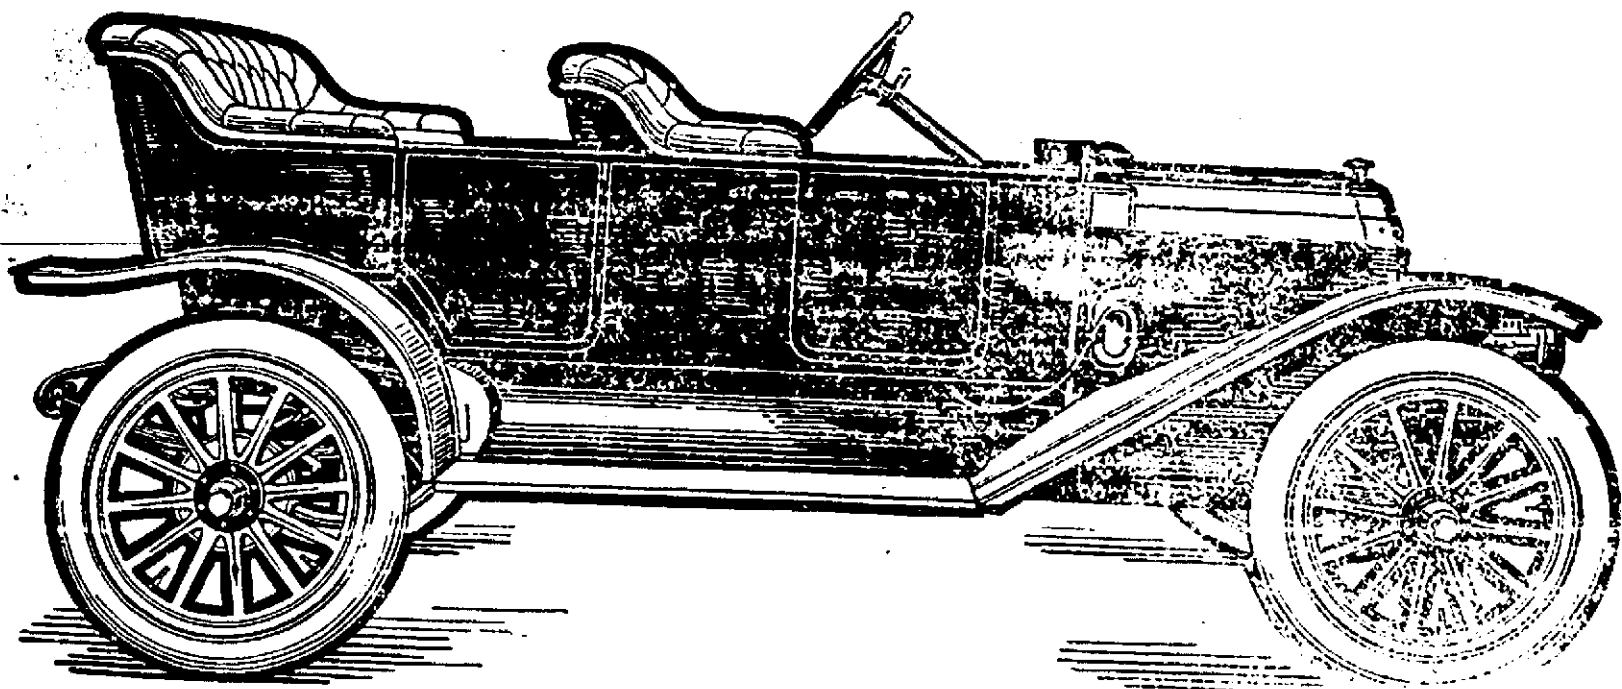

Desperate Conscripts.
Conscription is not popular in the Turkish empire. Mr. A. G. Adasio tells in "Regliding the Crescent" how he met at the little station of Sesebed, between Jerusalem and the sea, a body of ferocious looking ruffians wearing handcuffs and under a strong guard—all deserters. "Some idea of the abhorrence in which these undisciplined tribesmen hold their military obligations may be gathered when it is mentioned that several of the party had actually burned out of their own eyes with quicklime so as to render themselves useless in the field."

Well, He Might Kick Himself.
Kenneth Kerr, just back from India, meets a lady he knows quite well in Regent street. He cannot recollect her name. She stops and greets him cordially, saying: "How nice to see you again! You must come and lunch with me at my club—the Ladies' Lycium—and give me all the Bombay news." Kerr says he will be delighted, but he cannot fix a day then. "Just write to me at the club," says the lady. "Monday, Tuesday or Wednesday will suit me." She passes on. Kerr cannot remember what her name is. What ought he to do?—British Weekly.

Music of Flapping Wings.
The slow flapping of a butterfly's wings produces no sound. When the movements are rapid a noise is produced, which increases with the number of vibrations. Thus the housefly which produces the sound of F, vibrates its wings 21,120 times a minute, or 335 times a second, and the bee, which makes the sound of A, as many as 26,400 times, or 440 times a second. A tired bee hums on E and therefore, according to theory, vibrates its wings only 330 times a second.

Hugo and Dumas.
During Victor Hugo's exile Dumas went to Guernsey, where Hugo received him kindly and took him to breakfast on a veranda overlooking the ocean. It did not take Dumas long to discover that Hugo was already posing as the proscribed prophet, and the poet said, with an Olympian wave of his hand, "You see me, my dear Dumas, on my rock of exile like the proscribed one of antiquity." "Never mind," said Dumas, with his mouth full. "The butter is far better here than in Paris. There is no disputing that."

Dear Denial.
"I have heard the late Archbishop Ryan tell of two plump golfers who were discussing during Lent their favorite fast dishes," said a Philadelphian.

"Trout," said the first, with a sigh, "has gone up, thanks to the high cost of living and the Lenten demand."
"Yes," said the other. "Isn't it terrible? Oysters, terrapin, teal duck, wine, caviar—everything is dearer. Indeed, I often wonder these days where one is to get the money to fast with."

Office of the Footman.
"I don't believe there is anything in that talk about Harlow being hard up," said Little Blake. "Why, he's just blossomed forth with a footman on his motor."

"Footman!" echoed Jinkinson derisively. "Footman is good! That isn't a footman. It's a deputy sheriff in charge of the car."—Harpur's Weekly.

His Penalty.
Geraldine—What did pa say when you asked him for my hand? Gerald—He said that he wouldn't stand in the way of my unhappiness if I needed the money badly.—New York Press.

Not His Mistake.
The other day an old woman bounced into an office with a notification that had been sent to her to the effect that unpaid taxes on some property belonging to her were due. She asserted she had paid them. A clerk got out the books to prove that she had not and suggested that she had made a mistake. She still declared, however, that she had paid.

"Don't you ever make mistakes?" she inquired.
The clerk assured her that he did not and jokingly added, "The only mistake I ever made was when I got married."

She looked at him for a moment and then said: "No. Your wife made that mistake."—Exchange.

Giant Monument to a Child.
Mount Grace, in Warwick, Mass., seems to be in a way a giant monument to a little child. According to tradition, the Indians captured a Mrs. Rowlinson and her child. As the party were passing through the woods on their way to Canada the child died and was buried at the foot of the mountain. The child's name was Grace, and the mountain has been Mount Grace ever since.

The Difference in Speed.
The professor of shorthand in a local business college adduced this unanswerable argument in an address to a new class the other day:

"We are told that it took Gray, author of the well known 'Elegy in a Country Churchyard,' seven years to write that famous poem. If he had known stenography he could have done it in seven minutes. We have graduates who have done that same poem in that length of time."—Cleveland Plain Dealer.

Out of Danger.

The authoress of "Coke of Norfolk," Mrs. Stirling, tells this amusing story: "On one occasion the precious heir of Horsforth had an accident while out hunting. It was supposed that his skull was fractured, and his mother, in an agony of fear, was about to summon the apothecary."

"Wait," insisted John of Horsforth, and he set his nephew a difficult problem in Euclid to solve. Upon the boy doing it correctly the lawyer bade the groom saddle his horse. "Send for the apothecary, madam—aye, and let him do his worst!" he announced complacently to the anxious mother. "We know now that the lad's brain isn't injured!"

The Riddle.

"Woman is a riddle," remarked the Wise Guy.

"Yes," agreed the Simple Mug. "She keeps us guessing, and we hate to give her up."—Philadelphia Record.

Waiting.

"De man dat puts in too much time learnin' to wait patiently," said Uncle Eben, "is liable to git out o' practice foh doin' anything else."—Washington Star.

Cutting.

General Lee one day found Dr. Cutting, an army surgeon, who was a handsome and dresy man, arranging his cravat complacently before a glass. "Cutting," said Lee, "you must be the happiest man in creation."

"Why, general?"

"Why," replied Lee, "because you are in love with yourself and have not a rival on the earth."

BASEBALL BINGLES

Joe Mason wishes a correction made. He says that Joe Steck in knocking the ball over the right field fence the other day not only broke this season's record, but he also established a Church League precedent. The correction stands.

Two strong players of the Catholic team are out of the game. These are "Hooks" Urban and George Might. Urban has to walk on crutches from an injured ankle sustained in a game last Saturday. Might had muscles of the leg torn in the last game. It is doubtful if the later will get in the game again this season.

Joe Mason and his brother Charles look good on second and first.

Charles Deitz and Paul Nutt, among the youngest players in the league, look like comers.

The Methodist team seems to lack the inside snappy ball so noticeable last season.

Barney Dreyfus never was prouder of his Pittsburgh National Leaguers than Manager McCloskey is of his Episcopal pennant winners.

Jack Rickey says the Catholics are laying for the Episcopalians. Does that foreshadow defeat for McCloskey's gems?

Relented.
"Peggy," said Sandy—"Ah'm sayin', Peggy, will Ah kiss yer cheek?"
"If ye dae Ah'll skreik."
"Oh," said Sandy, "dinna skreik."
"An' don't ye kiss me on the mouth, then," said Peggy, "for if ye did Ah couldnt skreik at all."—Boston Post.

AUTO IN COLLISION ONLY BREAKS LIGHT

When Ed. Matson lost control for a moment of his automobile at the corner of Fallowfield avenue and Sixth street Tuesday evening the machine plunged into the corner of J. H. Bowers' store. Going at a good speed the machine when it struck the building splintered the side and by the force of contact was bounced back into the street. The only injury to it was a broken light.

Valley League Opens.
The Monongahela Valley League opened Memorial Day by two games between Belle Vernon and Brownsville at Belle Vernon. The former team pulled away both of them, the first by a score of 16 to 3 and the second by a score of 9 to 7.

Large Share of Expenses in Keeping up County is Borne by the Towns

The county commissioners Wednesday certified to the county treasurer the tax duplicates for the year 1911, state and county taxes being due today and payable until August 1st at an abatement of 5 per cent. For the first time for a number of years the entire work of figuring the taxes has been done by the regular force in the commissioners' office, including the transcribing of the duplicates from the assessor's books. The work involves about 50,000 names in 75 assessment districts, each book being proved and balanced.

The taxes this year are as follows:
Road fund \$ 57,144.69
Bonded debt fund 114,268.65
General fund 200,047.64
Dog taxes 7,516.00
State taxes 70,523.76

Total of duplicates \$449,500.74

The total levy last year was \$506,429.43, or \$56,928.69 more than this year.

The 15 townships and boroughs paying the greatest amount of State and county taxes are as follows:

Washington borough	\$50,363.16
West Bethlehem township	18,791.80
Amwell township	17,212.26
Mt. Pleasant township	14,591.72

Charleroi borough	11,258.00
South Strabane township	10,501.82
West Pike Run township	10,307.84

The total amount of taxes paid by these boroughs and townships will be \$233,551.91 or more than one-half the taxes levied on the county, less the abatements.

By these figures it will be seen the burden of the taxon falls upon the boroughs and the coal companies, as the townships enumerated are the ones containing the largest coal operations and corporate holdings in the county. Only five towns are included in the showing—Washington, East Washington, Charleroi, Monongahela and Donora—yet the aggregate State and county assessment of these five is \$98,819.08, or over 20 per cent of \$449,500.74, the total tax levy of the county. The farm lands pay less State and county taxes than the boroughs and coal companies.

RAIN CAUSES POSTPONEMENT

Rain caused the second postponement of the game between the Lutherans and the Washington Avenue Presbyterians Wednesday evening. The game had been scheduled originally for May 8, but a postponement to Wednesday evening was made necessary through the grounds being in bad shape from a circus. Announcement will be made by the schedule committee of the date for playing off the game. Two games are now postponed, one of the First Presbyterians and the Baptists, and the other that of last night.

PLANTING AND TENDING CROPS KEEPS FORMER CHARLEROI PEOPLE HUSTLING

Ex-Councilman William Parks Writes From Artesia About Busy Times There-- Much Rain This Year

With planting new crops and looking after the growth of those which are planted, William Parks, a former Charleroi grocer, now in Artesia, New Mexico, is having a busy time this spring. In a letter to Dr. J. W. Manon, he describes something of the conditions there at this time of year. Among other crops he is raising one of melons. Parts of the letter of general interest follow:

"The melons look fine. We have over 15 acres in one patch. The first we planted has started to vine. The second was here today and he said I had the best patch he had seen so far. It does look fine."

"You understand that Piersol has five and I ten acres in melons. I have been looking after Stan's patch for him. He is working for the Hep people driving an automobile and makes one trip per day."

"Stant and I never go hunting and will wait until you come down in the fall."

"Spring work is never over here. We can start to plant in March and plant up to July 1. We have had a fine spring, not much wind and lot of rain. We have had more rain since

January 1 than all the balance of the time we have been in New Mexico. The wells are holding up fine. One well tested last week flowed 750 gallons per minute."

"We have our alfalfa all cut. I do not remember what George Parks got on the lower forty but think about 45 bales. He got a heavy rain on it after it was piled and lost a few bales. I got 180 bales—about 5 1-2 tons. They are paying \$9.00 per ton. They are sure sending some hay out of the valley as you will see by a clipping I am sending. Also there is some flowing wells. One morning I counted 17 loads of hay that went past here."

"Remember me to everybody. We are all well and getting along all right."

In the clipping referred to in the letter, it is stated that from Artesia 91 cars of alfalfa had been shipped, totaling about 1100 tons during one week. This brought in about \$12,000 in cash and was only a starter. A well about 1,200 feet deep and flowing 2,000 gallons per minute was one of the largest in the world, was reported in another paragraph.

DESSING GIVEN TIME TO THINK ABOUT MATTERS

John Dessing, who lives a short way out of town, was sentenced to 60 days in jail by Justice of the Peace E. E. Rice Tuesday on a charge preferred by Mike Meno, a neighbor. It was claimed that Dessing had been terrorizing the neighborhood of his home. Several witnesses testified.

Negro Gets 30 Days on Disorderly Charge

On a charge of disorderly conduct a Belle Vernon negro was sentenced to 30 days in jail and on a charge of carrying concealed weapons was held for court, by Justice of the Peace H. S. Scott, at North Charleroi this morning. Information was made against him on the former charge by Miss Catherine Miller, head of the Monessen-Charleroi hospital. Constable David Mathers preferred the second charge. It was alleged the negro had got drunk and made a row at the hospital.

HEAVY STORM BENEFICIAL; LITTLE DAMAGE BY WIND

Business Men's Association to Hold Regular Monthly Meeting Tonight

The regular monthly meeting of the Charleroi Business Men's Association to be held tonight in their rooms in the Kirk and Clark building, promises to be an important one. Besides the usual business scheduled, including reports from important committees, an address will be made by Mr. Brown of Pittsburg, on the line of organization. Among the matters to come up will be that of the annual Business Men's outing, to be held some time this summer. It is proposed to make this affair entirely different from what it has been heretofore, and much interest centers in the plans which are to be outlined tonight.

REDUCTION ON TREES

New Plan Enables Property Owners to Secure Them Cheaply

AVERAGE 55 CENTS EACH

The contract for the shade trees awarded by the borough council to M. Wilson at the meeting Monday night was \$45 per 100 instead of 1,000 as previously announced through an error in information. This is for Norway maples 6 to 8 feet high, or the same trees 8 to 10 feet high will be furnished for \$55 per 100. Property holders desiring trees to replace the sewer destroying Carolina poplars can get them at rock bottom prices by going in on this deal, as the larger sizes are said to retail at \$2 each when ordered singly or in small lots.

BRIDGE JUMPER IS LOAFING NOW

Tom Barclay, bridge jumper and general all round most anything, will not jump any more bridges for a while but will rest his weary bones at the county home. Barclay is in need of medical attention, according to physicians, it being stated his mind is affected. It is possible that steps may be taken at the county home to recommit him to Dr. W. M. Dwyer.

Pitched for Irwin

John McIlvaine pitched Memorial Day for Irwin in the Independent Association, and in the morning won his game by a score of 13 to 5, allowing seven hits. In the afternoon after Miller was removed in the fourth inning, he went in and again bested Socks Seybold's outfit, the score being 10 to 8.

Fine Rain Brings Good to Farmers--Crops Look Better

TALL BUILDINGS SHAKE

Hurricane Causes Big Struc- ture to Totter--Hole Torn in Building

Preceded by a terrific wind storm which worked havoc in many places Western Pennsylvania experienced a welcome rain Wednesday afternoon. Charleroi and vicinity while in the grip of the elements for a time, did not suffer much damage from the high winds and reaped the full benefit of the rain which followed.

When the wind storm came up at about 3.45 o'clock, it looked like a small cyclone. For awhile it was feared that buildings would be wrecked, and tall structures rocked back and forth. Apparently the hill portion of town did not sustain as much force from the wind as did the downtown section. About the only damage realized was torn awnings and splintered glass. At the Hussy Binns-Shovel plant, a piece of the sheeting at the north corner of the works was torn loose leaving a large jagged hole. In some parts of town trees were torn and twisted.

The most beneficent effect of the heavy rain which followed in the wake of the wind storm and continued for some time, was to the growing crop.

The rain also had a slight effect on the river which is permeated with acid.

GOOD GAMES BOOKED FOR THE INDEPENDENTS

John McIlvaine, manager of the Charleroi Independents has arranged a series of good games with strong independent teams to be played during June. On Saturday the strong Lawrenceville team will be here. June 10 the Independents will journey to Vandergrift where they will have a go with the Vandergrift team of the independent association, which has not lost a game thus far this year. The following Saturday Irwin will be here for a game.

THE RIGHT MAN.

In selecting Edward M. Bigelow of
Pittsburg for Commission of the
State Highway Department, Governor
Tener made a wise choice. Perhaps
no man in the Commonwealth has had
a wider experience in public works
construction and direction than Mr.
Bigelow, while he has natural talent
and ability in that direction of the
highest order. More than that he is
in love with his profession, and the
opportunity to build the highways of
the State will be the fulfillment of
a long cherished ambition.

As director of public works in
Pittsburg when Schenley and High-
land Parks were laid out and improv-
ed, together with the construction of
the boulevards for which Pittsburg is
famous, Mr. Bigelow won eminent
distinction as an engineer of high-
ways and director of construction.
The well known character and ability
of the man assures to the Common-
wealth the quickest possible accom-
plishment of the grand scheme of
State Highway construction at the
least cost for the highest degree of
efficiency. With a man of this cal-

ibre and experience in charge Penn-
sylvania is destined to take front
rank among all the States of the
Union in the matter of highway con-
struction.

PICKED UP IN PASSING

According to professional baseball
dope the triple play is a rare feature.
One was pulled off the other day in
Kansas City, which is said to be the
first one ever seen in that city among
baseball fans, and the papers out that
way are not done talking about it
yet. George Tebeau, one of the old
timers, who played ball 25 years,
states he never saw but one triple
play, and that was years ago. In
baseball annals it is stated that a
triple play occurs about once in every
five years.

Already this season one triple play
has been pulled off in the Charleroi
Church League. This was with the
Episcopal and First Presbyterians in
the game played May 18 in which the
former pulled off a triple play, return-
ing the side in short order. With a
man on first and second bases, the
next Presbyterian batter hit a low
infield liner. This forced the two
basemen to run, but the Episcopal
second baseman Christie Roberts made
a dive and caught the ball, which put
the batter out. In catching the ball
Christie fell, but he tossed the ball to
Billy Kuhn, the shortstop, who had
covered second. This retired the
runner from second, who had started
for third, and tried to get back to sec-
ond. Kuhn then relayed the ball to
first in time to retire the runner from
that sack, who had gotten down to
second when the fly ball was caught.

In view of the rarity of triple plays
Church League patrons have been
witnessing some extraordinary play-
ing.

THE SPIRIT OF YOUTH.

Age is to a great extent a mat-

The Mistake.
In his biographic of Alexandre Du-

probable French author, who hated
avarice was once waiting in line for
his cloak at a source when he saw a
millionaire give a tip of 50 centimes (10
cents) to the servant who handed out
his palatol. Dumas, getting his cloak,
threw down a 100 franc note. "Par-
don, sir, you have made a mistake. I
think," said the man, offering to re-
turn the note. "No, no, friend," an-
swered Dumas, casting a disdainful
glance at the millionaire: "It is the
other gentleman who has made the
mistake."

Fleeced the Queen.
When George IV was crowned it was feared that the discarded Queen Caroline might appear and create a scene at Westminster abbey during a ceremony. A gentleman of the name of Chutneigh decided to go into the anteroom where Caroline was sitting and keep her engaged until the conclusion of the ceremony. That was a me when nearly everybody gambled, and the discarded queen was no exception to the rule. After a few casual remarks about the weather Chutneigh took three cards from his pocket and invited Caroline to "spot the lady" time and again she backed her judgment with money and each time lost. When she played higher stakes in the hope of retrieving her ill fortune. Her first guinea had been taken in by Chutneigh before she remembered her intention to be at the coronation. But it was too late. The ceremony was over, and the new king, "the greatest lackguard in all Europe," was on his way to the palace. To Mr. Chutneigh, who thus holds the credit of introducing the three card trick into England, a pension was granted.

Obedient Directions.
One of the small theaters in Pittsburgh at which moving pictures and vaudeville sketches are shown recently hanged a sign which read: "Ladies hat remove their hats will and mirrors and all conveniences on the room to the left as they pass out. Thank you for removing them." Some of their patrons acted too literally on the sign. Just before it was changed one of the employees saw a woman of rustic appearance and a happy expression leaving with several combs, a brush and two small hand mirrors. "Say, what do you think you're doing with those things?" he demanded. She was taking them home, she informed him. "Now, yer not," said the man; "we don't put them things in there for you to take away." "Well, of all things," exclaimed the indignant dame, "an' didn't I read with my own eyes that you would thank ladies to remove them. And ain't I a lady?" Then the sign was changed.—Pittsburgh Gazette-Times

Byron in an Ugly Mood.
I have not yet read Byron's "Conversations," but there was an anecdote in one of the extracts which confirms what I heard long since, but which I could not depend on before. He had an aversion to see women eat. Colonel — was at Byron's house in Piccadilly. Lady Byron in the room, and luncheon was brought in—real cutlets, etc. She began eating. Byron turned around in disgust and said, "Gorman dizing beast!" and, taking up the tray, threw the whole luncheon into the hall. Lady Byron cried and left the room.—Told by Haydon, the Painter

He'd Have Revenge.
Juggins—Who was it that said if he could make the songs of the people he wouldn't care who made the laws? Muggins—Don't know. But if he's the chap who's making the laws of the people nowadays I'd just like to have the making of the laws a little while. That's all.—Red Hen

YOUR KIDNEYS NEED CLEANING

Every Person, Healthy or Unhealthy, Ought to Give the Kidneys a Thorough Cleaning Right Now.

You clean your teeth daily. You wouldn't think of doing otherwise, and yet the teeth are not one tenth so important to health, strength and a long life as the kidneys.

Do you know that the kidneys are little strainers or fine sieves, through which every drop of blood in the body passes again and again.

And when the kidneys become clogged they are unable to strain the impure matter from the blood and it stays in the blood and causes disease in various parts of the body. Take rheumatism, for instance, this terrible disease is caused by uric acid in the blood, and uric acid gets into the blood only when the kidneys are clogged up and are unable to properly strain the impurities.

Just go to W. F. Hennings' today and get a bottle of Thompson's Barosma, the most scientific kidney, liver and bladder regulator the world has ever known, take it regularly for two weeks and all the impure matter in your kidneys will pass out through the bladder and your kidneys will be as pure and clean and healthy as any kidneys can be.

Thompson's Barosma is guaranteed by W. F. Hennings to cure all diseases of the kidneys, liver, and bladder, or money-back: "It is a wonderful tonic and blood purifier and will bring the glow of health to the cheeks of the sick in a short time. 50 cents and \$1.00 a bottle. All druggists.

Spider Thread Clothes.
In the thread of the spider lies dormant a great industry once it is properly studied. Numerous attempts have been made to utilize the threads for cloth to make clothes, etc. All have been so far doomed to failure—anyhow, as a financial proposition. It is related that Louis XIV. had a dress made from spider's web which was so fragile that he became disgusted with it. The entomologist D'Orbigny had made for himself a pair of trousers from the webs of tropical spiders, which lasted for a long time.—Popular Magazine.

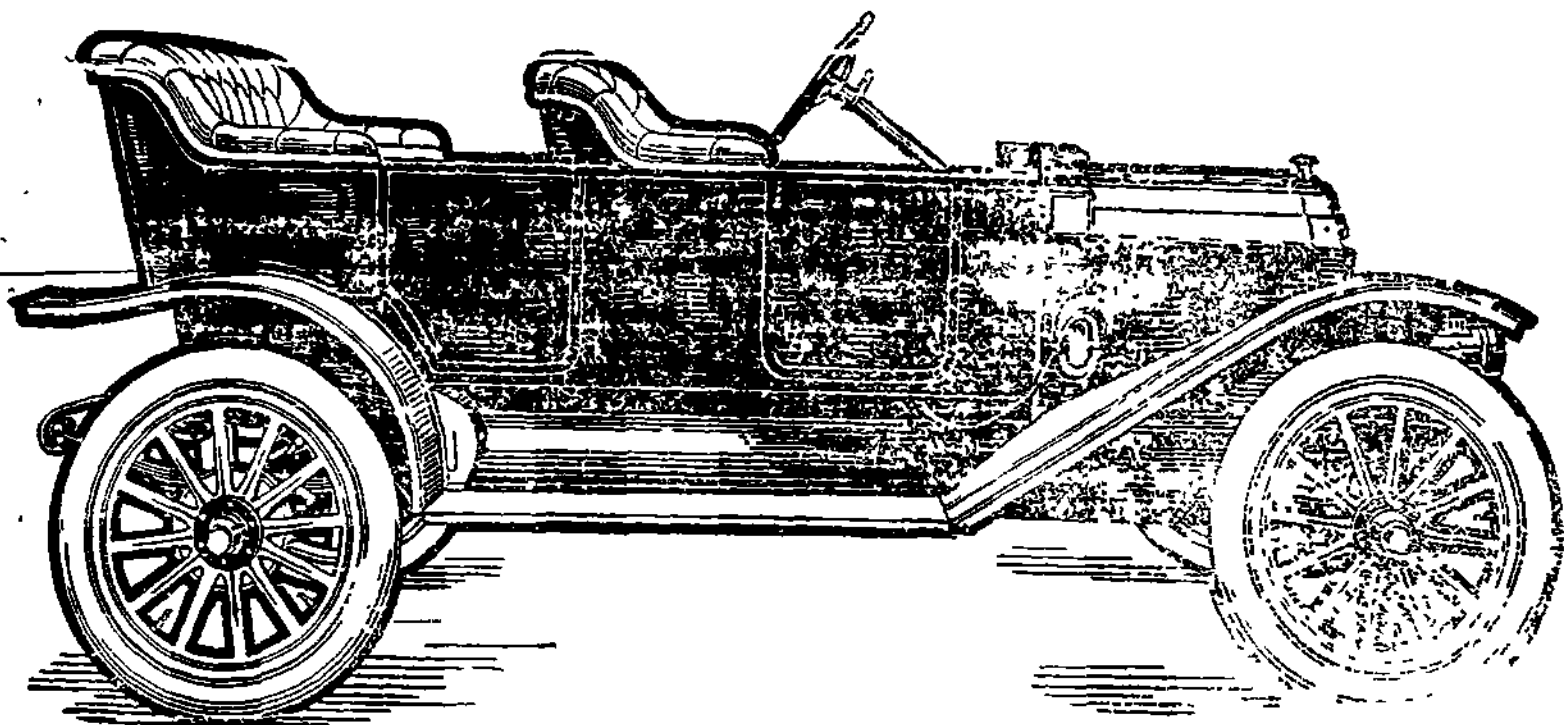

Desperate Conspirators.
Conspiracy is not popular in the Turkish empire. Mr. A. G. Adasio tells in "Regliding the Crescent" how he met at the little station of Seseched, between Jerusalem and the sea, a body of ferocious looking ruffians wearing handkerchiefs and under a strong guard—all deserters. "Some idea of the abhorrence in which these undisciplined tribesmen hold their military obligations may be gathered when it is mentioned that several of the party had actually burned out of their own eyes with quicklime so as to render themselves useless in the field."

Well, He Might Kick Himself.
Kenneth Kerr, just back from India, meets a lady he knows quite well in Regent street. He cannot recollect her name. She stops and greets him cordially, saying, "I've met you before again! You must come and lunch with me at my club—the Ladies' lyceum—and give me all the Bombay news." Kerr says he will be delighted, but he cannot fix a day then. "Just write to me at the club," says the lady. "Monday, Tuesday or Wednesday will suit me." She passes on. Kerr cannot remember what her name is. What ought he to do?—British Weekly.

Musio of Flapping Wings.
The slow flapping of a butterfly's wings produces no sound. When the movements are rapid a noise is produced which increases with the number of vibrations. Thus the housefly which produces the sound of F, vibrates its wings 21,120 times a minute, or 335 times a second, and the bee, which makes the sound of A, as many as 20,400 times, or 440 times a second. A tired bee hums on B and therefore, according to theory, vibrates its wings only 330 times a second.

Hugo and Dumas
During Victor Hugo's exile Dumas went to Guernsey, where Hugo received him kindly and took him to breakfast on a veranda overlooking the ocean. It did not take Dumas long to discover that Hugo was already posing as the proscribed prophet, and the poet said, with an Olympian wave of his hand, "You see me, my dear Dumas, on my rock of exile like the proscribed one of antiquity." "Never mind," said Dumas, with his mouth full. "The butter is far better here than in Paris. There is no disputing that."

Dear Denial.
"I have heard the late Archbishop Ryan tell of two plump goibmetts who were discussing during Lent their favorite fast dishes," said a Philadelphian.
"Trout," said the first, with a sigh, "has gone up, thanks to the high cost of living and the Lenten demand."
"Yes," said the other, "Isn't it terrible? Oysters, terrapin, teal duck, wine, caviar—everything is dearer. Indeed, I often wonder these days where one is to get the money to fast with."

Office of the Footman.
"I don't believe there is anything in that talk about Harlow being hard up," said Little Blake. "Why, he's just blossomed forth with a footman on his motor."
"Footman?" echoed Hinkson derisively. "Footman is good! That isn't a footman. It's a demitasse short in charge of the car!"—Herald.

His Penalty.
Geraldine—What did pa say when you asked him for my hand? Gerald—He said that he wouldn't stand in the way of my unhappiness if I needed the money badly.—New York Press.

Not His Mistake
The other day an old woman bounced into an office with a notification that had been sent to her to the effect that unpaid taxes on some property belonging to her were due. She asserted she had paid them. A clerk got out the books to prove that she had not and suggested that she had made a mistake. She still declared, however, that she had paid.
"Don't you ever make mistakes?" she inquired.
The clerk assured her that he did not and jokingly added, "The only mistake I ever made was when I got married."
She looked at him for a moment and then said: "No. Your wife made that mistake!"—Exchange.

Giant Monument to a Child.
Mount Grace, in Warwick, Mass., seems to be in a way a giant monument to a little child. According to tradition, the Indians captured a Mrs. Rowlinson and her child. As the party were passing through the woods on their way to Canada the child died and was buried at the foot of the mountain. The child's name was Grace, and the mountain has been Mount Grace ever since.

The Difference In Speed.
The professor of shorthand in a local business college adduced this unanswerable argument in an address to a new class the other day.
"We are told that it took Gray, author of the well known 'Elegy in a Country Churchyard,' seven years to write that famous poem. If he had known stenography he could have done it in seven minutes. We have graduates who have done that same poem in that length of time!"—Cleveland Plain Dealer

Out of Danger.

The author of "Coke of Norfolk," Miss String, tells this amusing story: "On one occasion the precious heir of Horsforth had an accident while out hunting. It was supposed that his skull was fractured, and his mother, in an agony of fear was about to summon the apothecary."

"Wait," insisted John of Horsforth, and he set his nephew a difficult problem in Euclid to solve. Upon the boy doing it correctly the lawyer bade the groom saddle his horse. "Send for the apothecary, madam—aye, and let him do his worst!" he announced complacently to the anxious mother. "We know now that the lad's brain isn't injured!"

The Riddle.
"Woman is a riddle," remarked the Wise Guy.

"Yes," agreed the Simple Mug. "She keeps us guessing, and we hate to give her up."—Philadelphia Record.

Waiting.
"De man dat puts in too much time learnin' to wait patiently," said Uncle Eben, "is liable to git out o' practice foh doin' anything else."—Washington Star.

Time ripens all things. No man is born wise.—Cervantes.

Cutting.
General Lee one day found Dr. Cutting, an army surgeon, who was a handsome and dresy man, arranging his cravat complacently before a glass.
"Cutting," said Lee, "you must be the happiest man in creation."

"Why, general?"
"Why," replied Lee, "because you are in love with yourself and have not a rival on the earth."

BASEBALL BINGLES

Joe Mason wishes a correction made. He says that Joe Steck in knocking the ball over the right field fence the other day not only broke this season's record, but he also established a Church League precedent. The correction stands.

Two strong players of the Catholic team are out of the game. These are "Hooks" Urban and George Might. Urban has to walk on crutches from an injured ankle sustained in a game last Saturday. Might had muscles of the leg torn in the last game. It is doubtful if the later will get in the game again this season.

Joe Mason and his brother Charles look good on second and first.

Charles Dettz and Paul Nutt, among the youngest players in the league, look like comers.

The Methodist team seems to lack the inside snappy ball so noticeable last season.

Barney Dieffus never was prouder of his Pittsburgh National Leaguers than Manager McCloskey is of his Episcopal pennant winners.

Jack Rickey says the Catholics are laying for the Episcopalians. Does that foreshadow defeat for McCloskey's gems?

Relented.
"Peggy," said Sandy—"Ah'm sayin', Peggy, will Ah kiss yer cheek?"
"If ye dae Ah'll skreesh!"
"Oh," said Sandy, "dinna skreesh!"
"An' don't ye kiss me on the mouth, then," said Peggy, "for if ye dae Ah couldnt skreesh at all!"—Boston Post.

AUTO IN COLLISION ONLY BREAKS LIGHT

When Ed. Matson lost control for a moment of his automobile at the corner of Fallowfield avenue and Sixth street Tuesday evening the machine plunged into the corner of J. H. Bowers' store. Going at a good speed the machine when it struck the building splintered the side and by the force of contact was bounced back into the street. The only injury to it was a broken light.

Valley League Opens.

The Monongahela Valley League opened Memorial Day by two games between Belle Vernon and Brownsville at Belle Vernon. The former team pulled away both of them, the first by a score of 16 to 3 and the second by a score of 9 to 7.
